Infrastructure

Dear Chair DeFazio and Ranking Member Graves:

I am requesting funding for the Miller Road and I-77 construction project in surface transportation reauthorization legislation.

The project sponsor for this project is the City of Brecksville, Ohio and the project is located at Miller Road, Brecksville, Ohio 44141. The funding is designated for completion of a southbound entrance and northbound exit ramp at the Miller Road I-77 interchange.

The project is an appropriate use of taxpayer dollars. By completing the interchange, this project is anticipated to improve access to more than 300 acres of developable land. Additionally, this interchange upgrade will improve safety for vehicles which will be routed onto roadways meant to handle heavier traffic instead of the local roadways currently used for access to this area.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

David P. Joyce  
Member of Congress
